**TENANT NOTICE #1  
TERRORISM EMERGENCY**

TO: Airport Tenants

FM: Cynthia Stewart, Airport Manager

RE: Limited Air Traffic Operations

FAA officials have advised us that approval has been granted for fixed and rotor wing flights involving medical evacuations and law enforcement activities. King County International Airport remains closed to all other flight activities until further notice.

All requests for medical evacuation and law enforcement flights must be coordinated through BFI ATCT, and will require that the following information be supplied:

1. Aircraft Identification
2. Aircraft Type
3. Reason for Flight
4. Proposed Departure Time
5. Estimated Time in Route
6. Route of Flight
7. Name & Social Security Numbers of all persons on the flight.

Please be advised that extremely stringent national airspace controls have been implemented, and for that reason the requested information must be provided in advance. It may be given to the Tower Staff directly by landline at (206) 764-3662. We will update you with further information as soon as we receive it. Your cooperation during this very difficult period is appreciated

cc: Oliver Dallas, BFI ATCT Chief
